## Report on review of interim condensed consolidated financial information

To the board of directors of  
Kuwait Real Estate Company – KPSC  
Kuwait

### *Introduction*

We have reviewed the accompanying interim condensed consolidated statement of financial position of Kuwait Real Estate Company - KPSC ("the Parent Company") and its subsidiaries ("the Group") as of 30 June 2022 and the related interim condensed consolidated statements of profit or loss and profit or loss and other comprehensive income for the three-month and six-month periods then ended, and statements of changes in equity and cash flows for the six-month period then ended. Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

### *Scope of Review*

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

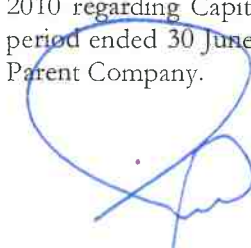

### *Conclusion*

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34, "Interim Financial Reporting".

### **Report on review of other legal and regulatory requirements**

Based on our review, the interim condensed consolidated financial information is in agreement with the books of the Parent Company. We further report that, to the best of our knowledge and belief, no violations of the Companies Law No. 1 of 2016 and its Executive Regulations, or of the Memorandum of Incorporation and Articles of Association of the Parent Company, as amended, have occurred during the six-month period ended 30 June 2022 that might have had a material effect on the business or financial position of the Parent Company.

We further report, to the best of our knowledge and belief, no violations of provisions of the Law No. 7 of 2010 regarding Capital Markets Authority and its relevant regulations have occurred during the six-month period ended 30 June 2022 that might have had a material effect on the business or financial position of the Parent Company.

The interim condensed consolidated financial information of the Group for the six-month period ended 30 June 2022 has been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting". The accounting policies used in the preparation of these interim condensed consolidated financial information are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2021, except for the changes described in note 3.

The interim condensed consolidated financial information has been presented in Kuwaiti Dinar which is the functional and presentation currency of the Parent Company.

The interim condensed consolidated financial information does not include all information and disclosures required for complete financial statements prepared in accordance with the International Financial Reporting Standards. In the opinion of the Parent Company's management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included.

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2021.

Operating results for the six-month period ended 30 June 2022 are not necessarily indicative of the results that may be expected for the year ending 31 December 2022. For further details, refer to the consolidated financial statements and its related disclosures for the year ended 31 December 2021.

The Parent Company's management has decided to change the presentation of the consolidated statement of financial position to a presentation based on liquidity (previously the consolidated statement of financial position distinguished between current and non-current) as it provides information more relevant and appropriate for the Group's activities.

### 3 Changes in accounting policies

#### 3.1 New and amended standards adopted by the Group

The following new amendments or standards were effective for the current period.

<i>Standard or Interpretation</i>	<i>Effective for annual periods beginning</i>
IFRS 3 Amendment – Reference to the conceptual framework	1 January 2022
IAS 16 – Amendments – Proceeds before intended use	1 January 2022
IAS 37 – Amendments – Onerous contracts -Cost of fulfilling a contract	1 January 2022
Annual Improvements 2018-2020 Cycle	1 January 2022

#### **IFRS 3 – Reference to the conceptual framework**

The amendments add a requirement that, for obligations within the scope of IAS 37, an acquirer applies IAS 37 to determine whether at the acquisition date a present obligation exists as a result of past events. For a levy that would be within the scope of IFRIC 21 Levies, the acquirer applies IFRIC 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date. The amendments also add an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination.

The adoption of the amendments did not have a significant impact on the Group's interim condensed consolidated financial information.

#### **IAS 16 Amendments - Proceeds before intended use**

The amendment prohibits an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the entity is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss.

The adoption of the amendment did not have a significant impact on the Group's interim condensed consolidated financial information.

#### **IAS 37 Amendments – Onerous contracts- Cost of fulfilling a contract**

The amendments specify which costs an entity includes when assessing whether a contract will be loss-making.

The amendments clarify that for the purpose of assessing whether a contract is onerous, the cost of fulfilling the contract includes both the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

The amendments are only to be applied to contracts for which an entity has not yet fulfilled all of its obligations at the beginning of the annual period in which it first applies the amendments.

The adoption of the amendment did not have a significant impact on the Group's interim condensed consolidated financial information.

#### **Annual Improvements 2018-2020 Cycle**

Amendment to IAS 1 simplifies the application of IFRS 1 by a subsidiary that becomes a first-time adopter after its parent in relation to the measurement of cumulative translation differences. Subsidiary that is a first-time adopter later than its parent might have been required to keep two parallel sets of accounting records for cumulative translation differences based on different dates of transition to IFRSs. However, the amendment extends the exemption to cumulative translation differences to reduce costs for first-time adopters.

### 3 Changes in accounting policies (continued)

#### 3.1 New and amended standards adopted by the Group (continued)

##### Annual Improvements 2018-2020 Cycle (continued)

Amendment to IFRS 9 relates to the '10 per cent' Test for Derecognition of Financial Liabilities – In determining whether to derecognise a financial liability that has been modified or exchanged, an entity assesses whether the terms are substantially different. The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability.

Amendment to IFRS 16 avoids the potential for confusion in applying IFRS 16 Leases because of how Illustrative Example 13 accompanying IFRS 16 had illustrated the requirements for lease incentives. Before the amendment, Illustrative Example 13 had included as part of the fact pattern a reimbursement relating to leasehold improvements; the example had not explained clearly enough the conclusion as to whether the reimbursement would meet the definition of a lease incentive in IFRS 16. The IASB decided to remove the potential for confusion by deleting from Illustrative Example 13 the reimbursement relating to leasehold improvements.

Amendment to IAS 41 removes the requirement in IAS 41.22 to exclude taxation cash flows when measuring fair value. This amendment aligns the requirements in IAS 41 on fair value measurement with those in other IFRS Standards.

The adoption of the amendments did not have a significant impact on the Group's interim condensed consolidated financial information.

#### 3.2 IASB Standards issued but not yet effective

At the date of authorisation of this interim condensed consolidated financial information, certain new standards, amendments and interpretations to existing standards have been published by the IASB but are not yet effective, and have not been adopted early by the Group.

Management anticipates that all of the relevant pronouncements will be adopted in the Group's accounting policies for the first period beginning after the effective date of the pronouncements. Information on new standards, amendments and interpretations that are expected to be relevant to the Group's interim condensed consolidated financial information is provided below. Certain other new standards and interpretations have been issued but are not expected to have a material impact on the Group's interim condensed consolidated financial information.

<i>Standard or Interpretation</i>	<i>Effective for annual periods beginning</i>
IFRS 10 and IAS 28 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - Amendments	No stated date
IAS 1 Amendments- Classification of current and non-current	1 January 2023
IAS 1 Amendments- Disclosure of accounting policies	1 January 2023
IAS 8 Amendments- Definition of accounting estimates	1 January 2023
IAS 12 Income taxes- Deferred tax related to assets and liabilities arising from a single transaction	1 January 2023

## Notes to the interim condensed consolidated financial information (continued)

### 3 Changes in accounting policies (continued)

#### 3.2 IASB Standards issued but not yet effective (continued)

##### **IFRS 10 and IAS 28 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - Amendments**

The Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures (2011) clarify the treatment of the sale or contribution of assets from an investor to its associate or joint venture, as follows:

- require full recognition in the investor's financial statements of gains and losses arising on the sale or contribution of assets that constitute a business (as defined in IFRS 3 Business Combinations)
- require the partial recognition of gains and losses where the assets do not constitute a business, i.e. a gain or loss is recognised only to the extent of the unrelated investors' interests in that associate or joint venture.

These requirements apply regardless of the legal form of the transaction, e.g. whether the sale or contribution of assets occurs by an investor transferring shares in a subsidiary that holds the assets (resulting in loss of control of the subsidiary), or by the direct sale of the assets themselves.

IASB has postponed the effective date indefinitely until other projects are completed. However, early implementation is allowed. Management anticipates that the application of these amendments may have an impact on the Group's consolidated financial statements in future should such transactions arise.

##### **IAS 1 Amendments - Classification of current or non-current**

The amendments to IAS 1 clarify the classification of a liability as either current or non-current is based on the entity's rights at the end of the reporting period. Stating management expectations around whether they will defer settlement or not does not impact the classification of the liability. It has added guidance about lending conditions and how these can impact classification and has included requirements for liabilities that can be settled using an entity's own instruments.

Management does not anticipate that the adoption of the amendments in the future will have a significant impact on the Group's interim condensed consolidated financial information.

##### **IAS 1 Amendments – Disclosure of accounting policies**

The amendments to IAS 1 require entities to disclose material accounting policies instead of significant accounting policies. The amendments clarify that accounting policy information may be material because of its nature, even if the related amounts are immaterial.

Management does not anticipate that the adoption of the amendments in the future will have a significant impact on the Group's interim condensed consolidated financial information.

##### **IAS 8 Amendments – Definition of accounting estimates**

The amendments to IAS 8 inserted the definition of accounting estimates replacing the definition of a change in accounting estimates. Accounting estimates are now defined as monetary amounts in financial statements that are subject to measurement uncertainty.

Management does not anticipate that the adoption of the amendments in the future will have a significant impact on the Group's interim condensed consolidated financial information.

## Notes to the interim condensed consolidated financial information (continued)

### 3 Changes in accounting policies (continued)

#### 3.2 IASB Standards issued but not yet effective (continued)

##### IAS 12 Amendments – Deferred tax related to assets and liabilities arising from a single transaction

The amendments to IAS 12 inserted the definition of accounting estimates replacing the definition of a change in accounting estimates. Accounting estimates are now defined as monetary amounts in financial statements that are subject to measurement uncertainty.

Management does not anticipate that the adoption of the amendment in the future will have a significant impact on the Group's interim condensed consolidated financial information.

### 4 Judgement and estimates

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2021.

### 5 Subsidiaries

- 5.1 During the period, the Group acquired an additional 0.01% equity interest in International Resorts Company – KSCC for a total consideration of KD424. The Group recognised the difference of KD1,361 between the fair value of consideration paid and the share of net assets acquired directly in the equity. As of 30 June 2022, the Group owns 69.74% (31 December 2021: 69.73% and 30 June 2021: 69.63%).
- 5.2 During the period, the Parent Company incorporated a new subsidiary "Aqarat th8 Investment LTD" located in Cayman Island with 100% ownership and its principal activity is real estate.
- 5.3 The Group's ownerships in International United Real Estate Group – SAL and Lebanese International Travel and Tourism Co. – SAL are pledged against borrowings obtained from a related party (note 13).

### 6 Basic and diluted earnings per share attributable to the owners of the Parent Company

Basic and diluted earnings per share is calculated by dividing the profit for the period attributable to the owners of the Parent Company by weighted average number of shares outstanding during the period excluding treasury shares:

	Three months ended (Unaudited)		Six months ended (Unaudited)

### 8 Advance payments for purchase of investments

During a previous year, the Group entered into an initial agreement with a related party to acquire a property located in the UAE for a total purchase consideration of AED400 million and paid an advance of KD17,230,565. The purchase price was to be settled partly in kind by transferring certain properties and balance in cash. However, this agreement was amended subsequently and the purchase consideration was revised to AED395 million without any in-kind settlement. During the period, the remaining amount of the purchase consideration of equivalents to KD33,919,943 was paid in full and the title deed of the property was transferred to the Group and has been classified as investment properties (Note 11).

### 19 Fair value measurement

#### 19.1 Fair value hierarchy

Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial assets and financial liabilities measured at fair value in the interim condensed consolidated statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

### 21 Listing on Dubai Financial Market

On 18 May 2021, the Annual General Assembly of the shareholders of the Parent Company approved the Board of Directors proposal of listing the Parent Company's shares on Dubai Financial Market ("DFM").

On 11 July 2021, the Capital Markets Authority approved the Parent Company's request for listing of its shares on DFM.

During the period, the Parent Company received a letter from DFM advising that the listing of the Parent Company's shares has not been approved by DFM.

## Notes to the interim condensed consolidated financial information (continued)

### **22 Covid19 pandemic impact**

The outbreak of Coronavirus (“COVID19”) pandemic and related global responses caused material disruptions to businesses around the world, leading to an economic slowdown. Global and local markets experienced significant volatility and weakness during the pandemic. While the pandemic has now been largely controlled with measures from governments and central banks with various financial packages and reliefs designed to stabilise economic conditions.

Management updated its assumptions with respect to judgements and estimates on various account balances which may still be potentially impacted due to the lingering effects. The assessment did not result into any significant impact on this interim condensed consolidated financial information. Management continues to closely monitor the market trends, its supply-chain, industry reports and cash flows to minimise any future negative impact on the Group.
